Statement of intent

Cherry Tree Primary understands that using online services is an important aspect of raising educational standards, promoting pupil achievement and enhancing teaching and learning.

The use of online services is embedded throughout the school; therefore, there are a number of controls in place to ensure the safety of pupils and staff.

The breadth of issues classified within online safety is considerable, but they can be categorised into three areas of risk:

- **Content:** Being exposed to illegal, inappropriate or harmful material, e.g. pornography, fake news, and racist or radical and extremist views.
- **Contact:** Being subjected to harmful online interaction with other users, e.g. commercial advertising and adults posing as children or young adults.
- **Conduct:** Personal online behaviour that increases the likelihood of, or causes, harm, e.g. sending and receiving explicit messages, and cyberbullying.

The measures implemented to protect pupils and staff revolve around these areas of risk. Our school has created this policy with the aim of ensuring appropriate and safe use of the internet and other digital technology devices by all pupils and staff.

1. Legal framework

1.1. This policy has due regard to all relevant legislation and guidance including, but not limited to, the following:

2.3. The **DSL** is responsible for:

- Taking the lead responsibility for online safety in the school.
- Acting as the named point of contact within the school on all online safeguarding issues.
- Undertaking training so they understand the risks associated with online safety and can recognise additional risks that pupils with SEND face online.
- Liaising with relevant members of staff on online safety matters, e.g. the SENCO and ICT technicians.

- Providing technical support in the development and implementation of the school's online safety policies and procedures.
- Implementing appropriate security measures as directed by the Head Teacher.
- Ensuring that the school's filtering and monitoring systems are updated as appropriate.

- Adhering to this policy, the Acceptable Use Agreement and other relevant policies.
- Seeking help from school staff if they are concerned about something they or a peer has experienced online.
- Reporting online safety incidents and concerns in line with the procedures within this policy.

3. The curriculum

3.1. Online safety is embedded throughout the curriculum; however, it is particularly addressed in the following subjects:

- RSE
- Computing; half termly lessons via the Knowsley Scheme of Work

- 3.2. The curriculum and the school's approach to online safety is developed in line with the UK Council for Child Internet Safety's 'Education for a Connected World' framework and the DfE's 'Teaching online safety in school' guidance.
- 3.3. Pupils are taught the underpinning knowledge and behaviours that can help them to navigate the online world safely and confidently regardless of the device, platform or app they are using.
- 3.4. Online safety teaching is always appropriate to pupils' ages and developmental stages.
- 3.5. The underpinning knowledge and behaviours pupils learn through the 'My Online Life' unit of the computing curriculum include the following:
 - How to evaluate what they see online
 - How to recognise techniques used for persuasion
 - Acceptable and unacceptable online behaviour
 - How to identify online risks
 - How and when to seek support
- 3.6. The risks pupils may face online are always considered when developing the curriculum. The risks that are considered and how they are covered in the curriculum can be found in Appendix 1 of this policy.
- 3.7. The DSL is involved with the development of the school's online safety curriculum.
- 3.8. The school recognises that, while any pupil can be vulnerable online, there are some pupils who may be more susceptible to online harm or have less support from family and friends in staying safe online, e.g. pupils with SEND and LAC. Relevant members of staff, e.g. the SENCO and designated teacher for LAC, work together to ensure the curriculum is tailored so these pupils receive the information and support they need.
- 3.9. Class teachers review external resources prior to using them for the online safety curriculum, to ensure they are appropriate for the cohort of pupils. When reviewing these resources, the following questions are asked:
 - Where does this organisation get their information from?
 - What is their evidence base?
 - Have they been externally quality assured?
 - What is their background?
 - Are they age appropriate for pupils?
 - Are they appropriate for pupils' developmental stage?

- 3.10. External visitors may be invited into school to help with the delivery of certain aspects of the online safety curriculum. The **Head Teacher and DSL** decide when it is appropriate to invite external groups into school and ensure the visitors selected are appropriate.
- 3.11. Before conducting a lesson or activity on online safety, the class teacher and DSL consider the topic that is being covered and the potential that pupils in the class have suffered or may be suffering from online abuse or harm in this way. The DSL advises the staff member on how to best support any pupil who may be especially impacted by a lesson or activity.
- 3.12. Lessons and activities are planned carefully so they do not draw attention to a pupil who is being or has been abused or harmed online, to avoid publicising the abuse.
- 3.13. During an online safety lesson or activity, the class teacher ensures a safe environment is maintained in which pupils feel comfortable to say what they feel and are not worried about getting into trouble or being judged.
- 3.14. If a staff member is concerned about anything pupils raise during online safety lessons and activities, they will make a report in line with sections [15](#) and [16](#) of this policy.
- 3.15. If a pupil makes a disclosure to a member of staff regarding online abuse following a lesson or activity, the staff member will follow the reporting procedure outlined in sections [15](#) and [16](#) of this policy.

4. Staff training

- 4.1. All staff receive safeguarding and child protection training, which includes online safety training, during their induction.
- 4.2. Online safety training for staff is updated **annually** and is delivered in line with advice from local safeguarding partners.
- 4.3. In addition to this training, staff also receive regular online safety updates as required and at least annually.
- 4.4. The DSL and any deputies undergo training to provide them with the knowledge and skills they need to carry out their role, this includes online safety training. This training is updated at least every two years.
- 4.5. In addition to this formal training, the DSL and any deputies receive regular online safety updates to allow them to keep up with any developments relevant to their role. In relation to online safety, these updates allow the DSL and their deputies to:
 - Understand the unique risks associated with online safety and be confident that they have the relevant knowledge and capability required to keep pupils safe while they are online at school.
 - Recognise the additional risks that pupils with SEND face online and offer them support to stay safe online.

- 4.6. All staff receive a copy of this policy upon their induction and are informed of any changes to the policy.

16. Responding to specific online safety concerns

Behaviour outside of school premises

Pupils at the school must represent the school in a positive manner. We expect our pupils to treat everyone fairly, with respect and kindness both inside school and out in the wider community, particularly if the pupil is dressed in school uniform.

Staff can discipline pupils for misbehaviour outside of the school premises, when the pupil is:

- Wearing school uniform.
- Travelling to or from school.
- Taking part in any school-related activity.

Should any bullying or inappropriate behaviour happen online, at home, school will provide support for pupils and advice for parents. However, parents are responsible for dealing with this behaviour, not school.

Cyberbullying

- 16.1. Cyberbullying, against both pupils and staff, is not tolerated.
- 16.2. Any incidents of cyberbullying are dealt with quickly and effectively whenever they occur.
- 16.3. Information about the school's full response to incidents of cyberbullying can be found in the Behaviour and Anti-Bullying Policy.

- 16.7. Information about the school's full response to incidents of online child-on child abuse can be found in the **Child Protection and Safeguarding Policy**.

Online abuse and exploitation

- 16.8. Through the online safety curriculum, (including NSPCC workshops) pupils are taught about how to recognise online abuse and where they can go for support if they experience it.
- 16.9. The school responds to concerns regarding online abuse and exploitation, whether or not it took place on the school premises or using school-owned equipment.
- 16.10. All concerns relating to online abuse and exploitation, including child sexual abuse and exploitation and criminal exploitation, are reported to the **DSL** and dealt with in line with the **Child Protection and Safeguarding Policy**.

Online hate

- 16.11. The school does not tolerate online hate content directed towards or posted by members of the school community.

- 17.4. Pupils not using devices or software as intended will be disciplined in line with the **Behaviour Policy**.
- 17.5. The school will risk assess the technology used for remote learning prior to use and ensure that there are no privacy issues or scope for inappropriate use.
- 17.6. The school will regularly consult with parents about what methods of delivering remote teaching are most suitable – alternate arrangements will be made where necessary.

- 17.7. The school will ensure that all school-owned equipment and technology used for remote learning has suitable anti-virus software installed, can establish secure connections, can recover lost work, and allows for audio and visual material to be recorded or downloaded, where required.
